

BRIEF DESCRIPTION:

Small Flexi-Tray with container grid

DESCRIPTION:

Shallow flexible tray with grid deck, ideal for use as a contained dispensing or mixing area. The Flexi-Tray contains any leaks and spills and the grid keeps containers clear of any spilled liquids.

Tray can be used without grid as a drip tray. Made from rubberised plastic the tray is lightweight and tough, the sidewalls reform after being trodden-on or crushed. Low profile design is ideal for sliding under plant and machinery or any situations where leaks and drips occur. Flexi-Tray can be lined with absorbent material to absorb liquids on contact to make emptying the tray easier and cleaner.

ABSORBENCY / CAPACITY:	11 litres
DIMENSIONS:	52 x 52 x 5cm
APPLICATION:	Containment
QUANTITY:	1
