

Oil & Fuel
 Absorbents

BRIEF DESCRIPTION:

20cm x 3m, Oil & fuel sorbent boom Poly Wrapped (Net, Rope, Clips & Rings)

DESCRIPTION:

Oil and fuel absorbent booms for use in marine situations such as ponds, lakes, marinas, harbours and rivers. Their hydrophobic properties allow the booms to float on water and only absorb hydrocarbons such as diesel and other pollutants.

ABSORBS:

- Hydraulic oil
- Engine oil
- Lubricating oil
- Solvents

Will not absorb water

ABSORBENCY / CAPACITY:

280 litres

DIMENSIONS:

20cm x 3m

APPLICATION:

Oil & Fuel

QUANTITY:

4
